SSC -- ATC & SSC	2 Color Printers	For staff use to create more appealing signs and handouts	500.00	\$1,000	
			TOTAL	\$42,450	

2. How many students will benefit from this purchase?

- a. Chairs: 1,500 to 2,500 per quarter
- b. Copiers: Thousands of students over many years
- c. Laptops: 1000 per quarter
- d. Printers: Hundreds per quarter

3. How does this enhance your Equity Goals?

- a. As outreach to targeted groups and students in basic skills increases, demand for tutoring exceeds capacity. Providing more seating would expand capacity in serving more students to promote a friendly, welcoming and stable working environment.

Fall 2016

b, c & d. Low income students may not be able to afford computers and printing their own materials. Students with the greatest learning needs benefit from being provided with engaging printed material to support learning, and computers for multimedia engaging workshops and group tutoring.

4. How does this enhance your Student Learning Outcomes?

SSC_SSLO_1 Within the context of each student's individual needs, students will express a more positive attitude towards the subject they are studying.

a. Additional seating will provide more capacity for tutoring and workshops. Building more capacity should reduce negative feelings of frustration and discouragement.

b,c & d. Use of technology in tutoring and workshops will increase engagement and active learning. Student will have reduced stress around the cost of materials.

SSC_SSLO_2 Within the context of each student's individual needs, students will use effective learning skills.

c. Students will use active learning during their tutoring sessions and in workshops when they write and engage with printed materials.

d. Use of technology in tutoring and workshops will increase engagement and active learning.

5. Was this noted on your Program Review?

Yes, all were noted in 2015 and prior APRUs and detailed in 2014 CPR.
