

BEGINNING ALGEBRA Test 1

Instructor: Dr. Kenneth Yu
Course: 212.06
Time: M-F 7:30am – 8:20am
Date: 9/25/2017 – 12/8/2017
Class Room: E34
Final: Mon 12/11/2017 7-9 am

Course Description:

Application of linear functions, quadratic functions and linear systems to problems. Emphasis on the development of models of real world applications and interpretation of their characteristic

Algebra in mathematics itself opens up learning opportunities in numerous fields, as mathematical problem solving skills are widely applicable.

Algebra/Mathematics provides the foundation for studying:

- engineering
- biological, physical and health sciences
- economics
- business
- computer science
- statistics
- many other fields

Grading:	100%
Test 1:	15%
Test 2:	15%
Test3:	15%
Home Work	20%
Class Participation	5%
Final:	40%
