CAS Standards Self-Evaluation Presentation

Occupational Training Institute (OTI)

Highlights from Self-Assessment

- OTI would like to expand its offerings of internships to include more disciplines.

- OTI serves a highly diverse student population.

- OTI provides workforce related training.

- OTI is seeking to establish a reputation for being a major contributor on campus to workforce development and career readiness.

- OTI is currently a self-funded department and needs college/district funding to fully meet its goals and objectives

- Conduct assessment of one SSLO.

- Promote gender equity in the OTI CompTechs program by increasing the number of female participants.

- Develop a mechanism to gather feedback from students and employers about the effectiveness of the internship program.
