### *District committee*

District committee to Update Enrollment Priorities AP/BP5055 (formerly BP5001)	
Felisa Vilaubi, Equity & Engagement/VIDA	FT, Tenured
<p>I have been counseling for 20 years with a focus on social justice and serving underrepresented populations and communities. I am an active member of DALA, Academic Senate, FA, and our Adult Education Consortium. As a counselor, I feel like the lens that I would bring to this committee is one that is centered around advocating for students, especially our students of color and our marginalized populations. I also fully appreciate the importance that priority registration holds in helping to set and cultivate the culture of De Anza and student success.</p>
