

## **MATH 32**– 61Z Precalculus II

Asynchronous Learning on Canvas

Online (Canvas) CRN: 137111

Instructor: Nahrin Rashid

Email: [rashidnahrin@fhda.edu](mailto:rashidnahrin@fhda.edu) or Canvas Inbox

Office hours via Zoom: Monday 3:00 – 3:30 PM

---

**Support:** It can be frustrating when you need help, so please know that I am here to help you manage challenges and any frustration you may experience with the course. Please maintain close contact with me and I will do my best to support you.

**How to reach out:** If you have a question, the quickest and easiest way to contact me is via the Canvas inbox or email me [rashidnahrin@fhda.edu](mailto:rashidnahrin@fhda.edu). If you email me during my online office hours, I'll try to respond immediately. If you email me outside of my office hours, then I'll try to respond to you within 48 hours. From our course, click on "Inbox" in the left global navigation menu to access your Canvas conversations.

**Tutoring Services:** Summer 2024 both in-person (in S43) and online (Zoom) tutoring is available from July 8 to August 8. Monday to Thursday from 10:00 AM to 5:00 PM.

**Online Lectures/Canvas:** Plan to log in to Canvas several times each week. This class is asynchronous so there will not be live lectures. I will post pre-recorded lecture videos for each section on Canvas under Modules. You'll need to watch the lecture videos and take notes. If you have any questions, you can ask me during office hours or email me. You will be learning online or asynchronously, meaning that at your own pace, you will watch lecture videos, complete homework assignments, and take either a quiz or an exam every week. There will be set due dates for all of the homework assignments, quizzes, and exams. Although you will be able to watch the videos at your own time and pace, you are expected to complete them in a timely manner so that you are ready to take the quiz/exam and submit them by due date. It is very easy to fall behind in an online class, so you are encouraged to set aside at least 1 to 2 hours each day to dedicate to this class as opposed to doing all of the work in one day. It is strongly recommended that you download the Canvas app if you have a smart phone.

**Prerequisite:** MATH 31 or MATH 31B (with a grade of C or better); or appropriate score on Calculus Placement Test within the past calendar year.

**Course Description:** Preparation for calculus: extending the elementary functions of first quarter precalculus to include the theory of periodic functions; composition of trigonometric functions with other elementary functions; polar coordinates; further exploration of the complex plane; introduction to the algebra of vectors.

**Textbook:** Precalculus with Limits; 5<sup>th</sup> edition by Ron Larson bundle with Webassign access code.

**Calculator:** A basic scientific calculator is required for this class such as Texas Instruments TI30XIIS Scientific Calculator. TI-83 Plus/TI-84 Plus calculator recommended but not allowed on Exams. This can be a physical or an online app, such as the one at <https://www.desmos.com/scientific>.

**Software:** All homework/quizzes will be done online using WebAssign which is an internet-based software. You will need to register at [www.webassign.net](http://www.webassign.net) to use this internet-based software. You will need the class key given by me in order to self-register. **Class key for WebAssign: deanza 6954 6498**

**Student Conduct:** You are expected to be honest and ethical at all times in the pursuit of academic goals. When completing your work on an assignment or in taking a test, be sure to do your own work. Copying or using another person's work is plagiarism or cheating, so please be sure to submit your own work. Anyone caught cheating on an exam will receive an automatic 0 and be reported to the Dean of the PSME Division.

**Discussion on Canvas:** Even though this is an online class, you are expected to participate. Post and answer questions in Canvas weekly discussion boards. These discussions will count for 5% of your grade.

**Homework:** Plan to log in to WebAssign daily. Homework will be assigned weekly and will have a due date. All homework must be submitted by 10:00 AM on the due date. You must set up an account by Friday, July 5 or you will be dropped from the class. If you have a homework problem you are not able to complete, you can send me your questions on WebAssign by clicking on “Ask my teacher”. At the end of the quarter your lowest homework score will be dropped. Homework will count for 15% of your term grade. Please do not procrastinate! You can request extension on five homework assignments during the quarter. **Class key for WebAssign: deanza 6954 6498**

**Quizzes:** There will be a quiz every week via WebAssign assigned intermittently throughout the term to test your skills on the concepts we are covering in class. Once you start the quiz, you will have 1 hour to complete it. **NO** make-up quiz will be given. These quizzes will count for 20% of your grade.

**Midterms:** There will be three exams during the quarter on WebAssign. Once you start the exam, you will have 2 hours to complete it. These exams will be completed online and will contain the materials covered in the lectures, online, and in the book. If you are unable to take an exam for any reason, **a makeup exam will not be given.** To compensate for this, I will drop your lowest exam score. These exams will count for 40% of your term grade.

**Final Examination:** If you do not take the final exam, you **WILL NOT** receive a passing grade. There will be a comprehensive final examination on **Thursday, August 8.** This test will count for 20% of your term grade.

**Accessibility Accommodations:** If you have a documented disability and wish to discuss academic accommodations, or if you would need assistance in the event of an emergency evacuation, please inform me as soon as possible.

---

### Important Dates

- Independence Day Holiday – no classes; offices closed, July 4, 2024.
- The last day to add classes is July 8, 2024.
- The last day to drop for with a full refund and without a “W” is July 8, 2024.
- The last day to drop classes with a “W” is July 31, 2024.
- Last day to request “Pass/No Pass” is the last day the class meets in the current quarter.

### Grade Breakdown

<b>A+: 99% and above</b>	<b>B+: 87 - 89%</b>	<b>C+: 77 - 79%</b>	<b>D: 63 - 66%</b>
<b>A: 93 - 98%</b>	<b>B: 83 - 86%</b>	<b>C: 70 - 76%</b>	<b>D-: 60 - 62%</b>
<b>A-: 90 - 92%</b>	<b>B-: 80 - 82%</b>	<b>D+: 67 - 69%</b>	<b>F: &lt; 60%</b>

### Tentative Schedule for Math 32, Summer 2024

<b>Week 1</b>	<b>Section 4.1, 4.2, 4.3, 4.4</b>
<b>Week 2</b>	<b>Section 4.5, 4.6, 4.7</b> <b>Exam 1: Friday, July 12 (Section 4.1 – 4.7)</b>
<b>Week 3</b>	<b>Section 4.8, 5.1, 5.2, 5.3</b>
<b>Week 4</b>	<b>Section 5.4, 5.5, 6.1</b> <b>Exam 2: Monday, July 22 (Section 4.8, 5.1 – 5.5)</b>
<b>Week 5</b>	<b>Section 6.2, 6.3, 6.4, 6.5</b> <b>Exam 3: Friday, August 2 (Section 6.1 – 6.6)</b>
<b>Week 6</b>	<b>Section 6.6, 10.7, 10.8</b> <b>Final Exam: Thursday, August 8 (Comprehensive)</b>

*This syllabus is subject to change at the instructor's discretion.*

**Student Learning Outcome(s):**

- Formulate, construct, and evaluate trigonometric models to analyze periodic phenomena, identities, and geometric applications.

**Office Hours:**

M      03:00 PM      03:30 PM      Zoom
